PROFILE

Versatile Full Stack Developer with real-world experience building dynamic web applications using React, Node.js, and MongoDB. Passionate about crafting user-friendly interfaces and efficient backends. Strong in problem-solving, team collaboration, and writing clean, scalable code backed by solid data structures knowledge.

EDUCATION

Full Stack Web Development

Masai School

11/2024 – 08/2025

Bengaluru, Karnataka

Bachelor Of Computer Application (BCA)

MakhanLal Chaturvedi University, Bhopal

07/2021 – 06/2024

Bhopal, Madhya Pradesh

SKILLS

Technical Skills — React.js | Mongoddb | Node.js | Express.js | Redux | Git | GitHub | HTML | CSS | Tailwind CSS | Javascript | Data Structure And Algorithms

Soft Skills — Problem-solving | Time management | Leadership

PROJECTS

Property Listing Platform [🔗](#)

07/2025 – 07/2025

React.js, Tailwind CSS, Node.js, Express.js, MongoDB Atlas, Render/Netlify

<https://github.com/StutiSharan/Stuti-Repo/tree/main/Property%20Listing> [🔗](#)

- Designed and developed the entire platform using React, Node.js, Express, and MongoDB, ensuring a responsive and intuitive user interface.
- Integrated role-based access control for buyers, sellers, and agents.
- Developed backend APIs for property CRUD operations, favorites, and inquiries, stored securely in MongoDB.

MemeHub Platform (Team Project) [🔗](#)

05/2025 – 05/2025

React.js, Tailwind CSS, Firebase, Netlify

<https://github.com/StutiSharan/MemeHub-Project-> [🔗](#)

Role: Team Lead

- Designed and implemented key features including meme generation, user uploads, like/comment system, trending algorithm, and user profiles.
- Focused on creating a vibrant and intuitive UI/UX using Tailwind CSS and React animations.
- Facilitated team collaboration, problem-solving, and ensured high code quality through mentorship and hands-on support.

Online Voting System [🔗](#)

04/2025 – 04/2025

React.js, tailwind CSS, Firebase, Netlify

<https://github.com/StutiSharan/voting-system> [🔗](#)

- Developed a responsive and user-friendly platform using React and Tailwind CSS for digital voting.
- Integrated Firebase Authentication for secure login, voter identity verification, and session management.
